USAGE

Use biocidal products with caution. Read the label and the information relating to the product before use.

- First clean heavily soiled surfaces with a cleaning product and rinse thoroughly with water. Bomades becomes ineffective when it comes in contact with soap or synthetic detergents.
- Spray a 1% solution on the surfaces to be treated and leave to act for 5 minutes. Use sufficient liquid so that surfaces remain wet during application.
- Rinse the surfaces in contact with food and / or drinks or their ingredients with plenty of water.

CAUTION: use of the product may lead to the selection of certain strains of resistant bacteria.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. BOMA is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.
