

Greenspeed Trebio Multi - 5 l

GENERAL

Material Health Go 50% RECYCLED

Probiotic all-purpose cleaner for daily use with environmental benefits

- Low-foaming all-purpose cleaner for cleaning water-resistant surfaces and floors in interior and sanitary areas
- With Trebio Consortium, a revolutionary combination of 3 Bacillus strains with synergistic action and unique enhanced properties
- Leaves surfaces clean and leaves behind a long-lasting enjoyable scent
- Fresh fragrance

After years of expertise in probiotic cleaning, Greenspeed is proud to introduce Trebio, the 3rd generation of probiotic cleaning. This revolutionary line marks a significant leap forward, building on the successful Probio and Synbio product lines. Trebio enriches this legacy with the Trebio Consortium, an advanced blend of probiotic bacteria that takes cleaning to unprecedented levels of effectiveness and sustainability. Trebio's superior performance is due to the Trebio Consortium, a carefully blended blend of three specific strains of Bacillus species: Bacillus subtilis, Bacillus amyloliquefaciens and Bacillus pumilus. These third-generation strains were not chosen at random; they were specifically selected and optimised for their synergistic effects and unique, enhanced properties. This sets Trebio apart from traditional cleaning methods and previous probiotic generations.

pH	9
Cleaning Power	Powerful

Suited for

Thermoplastic flooring in PVC or vinyl - Linoleum - Flooring covered with a polymer protective film - Rubber flooring - Natural stone, acid sensitive (limestone) - Natural stone, non acid sensitive - Ceramic tiles - Flooring in concrete, poly-concrete, unglazed tiles and cement based composite floors - Screeds, epoxy flooring, PU flooring and resin based composite floors - Wooden flooring covered with a polymer protective film

USAGE

Shake before use. Dispense 0.2% Trebio Multi into a bucket of water - 10 ml per 5 l. Clean the surface with a sponge or cloth. Rinsing is not necessary. In case of heavy soiling, the dosage may be increased to 0.4%.

Store the product between 10%B0C and 40%B0C, shielded from direct sunlight.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. BOMA is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.

TECHNICAL SPECIFICATIONS

Dimensions product (LxHxW) 18.5 x 28 x 13.5 cm

Shape: Liquid

Color: Green-Blue

Odor: Fresh

Solubility in water: Completely

pH Value: 9

Relative density: 1.001 Kg/L

Packaging: 100% recycled plastic, 100% recyclable

LOGISTIC DATA

Product

Article	295525
Unit	Can
Dimensions	18.5 x 28 x 13.5 cm
Gross weight	5205 g
Net weight	5005 g
EAN code	5407003313901

Packing

Quantity per packing	2
