

Set of 2 Twister Pads for I-mop XXL - BLUE

GENERAL

Blue Twister Pad.

- Suitable for daily cleaning of all water-resistant floors without a polymer protective coating.
- Suitable for deep cleaning and enhancing floors.
- Extremely suitable for busy environments with heavy traffic, such as shopping malls, airports, stations, industry and so on.

Suited for

Thermoplastic flooring in PVC or vinyl - Linoleum - Flooring covered with a polymer protective film - Rubber flooring - Natural stone, acid sensitive (limestone) - Natural stone, non acid sensitive - Ceramic tiles - Flooring in concrete, poly-concrete, unglazed tiles and cement based composite floors - Screeds, epoxy flooring, PU flooring and resin based composite floors

USAGE

For daily maintenance:

- Use the green twister pad and water for daily cleaning of floors with normal traffic.
- Replace the pad when the green colour has disappeared.

Deep cleaning and upgrading:

Soft Floors:

1. Scrub the floor using the white twister pad and water until all scratches and stains are removed.
2. Dry polish the floor using the green twister pad (<3500rpm).

Hard floors:

Standard:

1. Clean the floor using the white twister pad and water for 2-4 weeks.
2. Clean the floor using the yellow twister pad and water for 2-4 weeks.
3. Continue cleaning the floor on a daily basis using the green twister pad and water.

Intensive:

1. Scrub the floor using the white twister pad and water, repeat 10 times in a row.
2. Scrub the floor using the yellow twister pad and water, repeat 10 times in a row.
3. Scrub the floor using the green twister pad and water, repeat 10 times in a row.
4. Optional: dry polish the floor using the green twister pad (<3500 rpm).

Use enough water while deep cleaning and upgrading. Don't use water for polishing, only use the green twister pad in combination with a high-speed single-disc machine.
